

# URGENT VET KENNESAW, GA

This hospital is programmed to handle pet emergencies after the normal veterinarian clinic/hospital is closed. The hours are 3pm to 11pm. The project was built in an existing retail center, so coordination and protection of existing shop employees and customers was paramount.

This 3,200 square foot state of the art facility includes 8 exam rooms, surgery suite, x-ray room, and a comfort room for the wellbeing of patients and their owners.
